2AMZ-SA

Stainless Steel Anti-Magnetic Ceramic Replaceable Tip Tweezers with Straight, Fine, Round, and Flat 140 mm Tips

PRODUCT DETAILS

- Advanced ceramic type MZ tweezers tips made with Zirconia Toughened Alumina (ZTA)
- Not intended for ESD safe applications, electrically insulative
- Hard, strong tweezers with low density provide good abrasion and wear resistance
- Excellent thermal properties and high temperature stability exceeding 1000˚C
- Extreme corrosion resistance, nearly chemically inert
