

RX 7893

ERGO™ Short Snipe Nose Pliers with Dual-Component Synthetic Handle

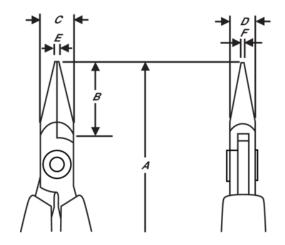

PRODUCT DETAILS

- Precision short snipe nose pliers developed according to the scientific ERGO™ process
- ERGO[™] handles with two-component combination, thermoplastic surface, for comfortable grip, on tough polypropylene core for rigidity
- High performance alloyed steel
- Polished finish
- Numerically controlled machine grinding guarantees accuracy & increases the tool's reliability & consistency

- Tough, hardened 42 HRC to 46 HRC
- Screw joint minimises friction & maximises jaw alignment
- ESD safe handles in two-component synthetic material
- Micro-Touch: the shape of the handles makes it possible to control & rotate the pliers between thumb & index finger for precision work
- Bio spring limits the tension throughout the working cycle of the tool & can be adjusted to 3 different positions or removed
