

8160M2

**Precision Diagonal Cutters with
Oval Head & ESD Safe Handle for
hard materials**

PRODUCT DETAILS

- Designed to cut hard wires stents, guidewires and single or multiple catheter filars
- Produced using high performance alloy steel material provides strength and reliability
- Enhanced induction hardening technique and modified cutting edges deliver precise cuts

- Precision screw joint minimizing friction while maximizing cutting edge alignment
- ESD safe, comfortable synthetic handles with return springs for smooth operation
- Burnished finish provides protection against oxidation and reduces glare under magnification and illumination
